CLASS SCHEDULE

FALL QUARTER

1960

How to use this class schedule - In planning a program, this class schedule should be used in conjunction with the UMM bulletin which includes the full course descriptions.

Prerequisites - Before you can enroll in some courses, you must have completed or be concurrently enrolled in certain other courses or possess some particular qualification or class standing. These requirements are known as prerequisites. If no prerequisites are listed, there are none.

Work equivalent to a prerequisite course (having the same content) is ordinarily accepted in lieu of that prerequisite. You will also note that the instructor may, in some instances, waive prerequisites at his discretion. See your college bulletin for further information.

Hours and Days - Class hours are identified by Roman numerals, and continue for fifty minutes after the beginning time shown below:

I	II	III	IV	V	VI	VII	VIII	IX
8:30	9:30	10:30	11:30	12:30	1:30	2:30	3:30	4:30

A class listed I-III TTh meets the first through the third hours Tuesdays and Thursdays, the hyphen always indicating "through." Days of the week are abbreviated M, T, W, Th, F and S.

Building Name Abbreviations

Ed Aud	-	Edson Hall Auditorium
Eng	-	Engineering Building
Gym	-	Gymnasium
Hum	-	Humanities Building
Sci	-	Science Building
Arr	-	Building arranged (to be announced later)

Choice of Classes - When section numbers precede the hours and days listed, you may choose the section in which you wish to enroll. Many courses have a choice of laboratory but only a single lecture period for all students taking the course. Occasionally there will be a choice of both lecture and laboratory.

Examples:

-1, I TThS	-1, Lect II T
-2, II MWF	-2, Lect II Th
-3, IV TThS	-1, Lab III-IV T
	-2, Lab III-IV Th
	-3, Lab VI-VII T

Changes - Any changes made subsequent to publication of the Class Schedule will be made available prior to registration. Room changes are posted on classroom doors.
